

## **EXPANSION OF THE CANNORTH MEDIC PLANT FOR CANNABIS-BASED MEDICAL PRODUCTS**

**Thetford Mines, Quebec – December 12, 2019** – KDA Group Inc. (TSXV: KDA) (“**KDA**” or the “**Corporation**”) is proud to announce through its subsidiary CanNorth Medic Inc. (“**CanNorth Medic**”), the development process for the expansion of its plant for cannabis-based medical products. The St-Gabriel de Rimouski plant will increase its surface area to a total of 60,000 square feet for an estimated investment of \$5 million.

This plant will be designed to comply with Good Manufacturing Practices (GMP) quality standards in addition to European standards (EU-GMP). Although these standards represent the highest quality standards applied in the pharma industry, medical cannabis producers authorised in Europe are required to follow the EU-GMP guidelines. These standards require any cannabis producer to set up:

- 1) operation-specific procedures;
- 2) an employee training program;
- 3) a thorough documentation system; and
- 4) environmental and quality controls throughout the cannabis manufacturing process, including analytical tests to determine cannabidiol (CBD) and tetrahydrocannabinol (THC) content and microbial contamination tests and screening for pesticides and heavy metals.

"This expansion project will allow CanNorth Medic to offer high quality medical products in accordance with Canadian and European Good Manufacturing Practices quality standards," said Marc Lemieux, Chief Executive Officer of KDA.

### **ABOUT KDA GROUP**

KDA Group is a leading innovation and specialized solution provider in the pharmaceutical market. Today, it is a respected name for quality and expertise among the different stakeholders in the pharmaceutical and medical sector. Its management team is guided by a vision of continuing to lead the way in Quebec while extending operations across Canada and internationally. Additional information on the Corporation is available at [www.kdagroup.ca](http://www.kdagroup.ca) and on SEDAR at [www.sedar.com](http://www.sedar.com).
