

## **KRX DENTAL IS QUICKLY BECOMING THE E-PRESCRIBER FOR DENTAL CLINICS**

**Thetford Mines, Quebec – April 21, 2022** – KDA Group Inc. (TSXV: KDA) (“**KDA**” or the “**Corporation**”) presents an update of its KRx Dental e-prescriber, the only electronic prescriber for dentists developed by its wholly owned subsidiary, Groupe Technologique KDA Inc. (“**Tech KDA**”).

Barely 7 months after its launch, the prescriber software solution for dentists has quickly won over the market. With the signing of important contracts with Progitek, last March, Progident and Novologik, software service providers for dental specialists in Quebec, Tech KDA’s e-prescriber is now being deployed in the majority of dental clinics in Quebec served by these software service providers.

KRx Dental software simplifies prescribing for dentists by putting essential information at their fingertips, so they can prescribe medications professionally, safely and efficiently.

The benefits for dental specialists are multiple:

- An intelligent e-prescriber integrated directly into the dental management software;
- Modules that electronically send their new prescriptions directly to the pharmacy;
- Decision trees and algorithms for prescribed drugs to reduce medical risks;
- Access to RxVigilance, a leading drug database in Canada;
- Access to DSQ (Dossier Santé Québec ) for patient medication history.

“Our new e-prescription technology platform has been well received, exceeding our expectations. The development strategy of our e-prescriber in the Canadian market is in full swing and the success we are experiencing in Quebec is very encouraging for the growth of this unique product outside of Quebec,” said Marc Lemieux, Chief Executive Officer of KDA.

### **ABOUT KDA GROUP**
